Kit position

Technical drawing of the Force S Spotlite showing internal layout and dimensions. The drawing is a top-down view of the unit, which is rectangular. The overall dimensions are 934mm in width and 237mm in height. The unit is divided into three main sections: two side sections and a central section. The side sections are each 412mm wide and 83mm high. The central section is 68mm wide and 83mm high. The side sections contain a 'Force S spot & Profile' (364mm wide, 284mm high) and an 'Acc.' (Accessories) compartment (200mm deep). The central section contains an 'Acc.' compartment. The bottom section is 600mm deep and 934mm wide. The drawing includes a note: 'Clamps are not attached to the light while in transit.' and a dimension of 'Depth 200mm.' pointing to the side section's depth.

Dimensions and Labels:

- Overall Width: 934
- Overall Height: 237
- Side Section Width: 412
- Side Section Height: 83
- Central Section Width: 68
- Central Section Height: 83
- Side Section Depth: 200mm (Depth 200mm.)
- Side Section Width (Internal): 364
- Side Section Height (Internal): 284
- Side Section Label: Force S spot & Profile
- Side Section Label: Acc.
- Central Section Label: Acc.
- Bottom Section Depth: 600mm (DEPTH 600mm.)
- Bottom Section Width: 934
- Bottom Section Label: Acc.

Clamps are not attached to the light while in transit.

**Extra Height**  
**20mm**

A 3D perspective rendering of a rectangular building with a dark, textured facade and a flat roof. The building is surrounded by a light-colored, gravelly ground. The rendering is in grayscale.
