

Flight Case Hire

Even the most professionally run company knows that the inevitable happens. You've specified a project and as it's just about ready to be loaded, you find a shortfall of cases to pack the last few items of equipment. It's too late to have anything built and the budget doesn't really warrant purchasing new cases. Well, that's where 5 Star's Flight Case Hire can help.

Whether it's a general-purpose road trunk, 19" rack or a drawered production case, our Hire stock is the ideal choice for a short-term solution. We've started the Hire Stock with a selection of popular cases including two sizes of Eurotrucker road trunks, three sizes of 19" Racks, a Server Rack and two versions of Drawered Production Racks.

Prices for these can be found below, however, as every hire will be different, based on quantity, duration and location, our sales team will submit an individual quote upon request. For further details on Flight Case Hire or any case solution, contact our sales team on 0845 5000 555 or e-mail our sales team at sales@5star-cases.com.
