

# ProTect...bespoke padded bags and covers from 5 Star Group Holdings

## PADDED BAGS & COVERS

If you need equipment protection and a flight case isn't a viable option, ProTect bags can offer you an alternative.

From tablets to lecterns, cameras and accessories, our team of skilled designers and machinists can produce a quality, lightweight bag that will protect your investment.

From our generic range of bags and covers to specifically tailored items to meet individual requirements. Our bags & covers are ideal to help prevent damage and scrapes from the rigours of frequent transport, ensuring that your product arrives in perfect condition every time.

Manufactured to the very high standard and service you would expect from 5 Star, using rugged 600 denier PVC-coated polyester available in a variety of colours.

Various interior lining options, polyethylene foam padding and millboard/polypropylene reinforcing and CNC machined foam inserts. Fastening options include heavy duty zips, hook+loop, press-studs as well as padded shoulder straps and carry handles.

Corporate branding by means of digitally printed designs applied using a heat press.
